ADOPTION APPLICATION

When we, at the Humane Society Waterville Area ("HWSA"), place an animal for adoption, we hope to find a home that will last a lifetime and create a loving bond between pet and owner. Please take the time to answer a few questions that will enable us to find the right pet for you. We put a lot of love, care, time and finances into our animals, and we strive to get the best home possible for them, and a perfect match for you.

*HWSA reserves the right to deny any application for any reason.
Completing an application does not reserve an animal.*

We, at HSWA, value the life of each and every animal in our facility. HSWA screens for the health, behavior, and temperament of each animal to the best of our ability during the time he/she has been in our care. However, there is always a chance that an animal may display behaviors later that were unseen at the shelter. In addition, an animal may be ill at the time of admission or adoption without showing any clinical signs of such illness. **Please be aware that you are fully responsible for any expenses from the time of adoption forward.**

I certify that the information provided is complete and correct to the best of my knowledge. I authorize HSWA to verify the information on my adoption application.

Microchip Information

We microchip our dogs before they leave the building. Cats are microchipped upon request. We register the microchip with your information as part of your adoption fee; however, it is your responsibility to keep the microchip information up to date throughout the animal's life.

The emergency contact should be someone other than yourself, and at a telephone number different than yours. It should be someone who will always know how to contact you if our registered telephone number becomes disconnected. The microchip is registered through 24APetWatch.

Yes, I consent to release my information to anyone who may find my pet, including private citizens.

No, I prefer my communication only be through 24PetWatch. If 24PetWatch attempts to contact you and you cannot be reached, they will release your information to a Humane Society or Animal Control Officer.
